vCam-6 HD

INSPECTION SYSTEM

- One-touch recording and image capture
- Full-HD self-levelling camera heads
- 1000 Gigabyte hard drive
- Li-Ion battery (up to 6h runtime)
- 3 Sonde frequencies (512Hz, 640Hz, 33kHz)
- Traceable pushrod
- WiFi video stream via VMC App

Increase productivity and profitability with the feature-rich vCam-6 inspection camera system. Built tough and reliable for everyday use, the versatile vCam-6 is a good fit for plumbers, contractors, home inspectors, building maintenance supervisors, or anyone looking to inspect the interior of a pipe or duct. Create crisp, detailed Full-HD video inspections with audio comments, text descriptions, footage, date, and timestamps to submit to your customers without worry. The vCam-6 HD can be operated independently for up to 6 hours with the standard Li-ion battery or continuously in 230V or 12V mains operation.

Designed for ease of use and engineered for dependability, vCam inspection products ensure trouble-free operation with little down time. Extend the capabilities of the system with the smaller accessory Type-MX reel for smaller lines, or increase the inspection diameter (8"-16" / 200-400 mm) with the optional adjustable Type-B skid with wheels.

Backed by Vivax-Metrotech's superior dealer network, customer service and service centres.

Camera Heads

	D34-HD	D46-HD
Application:	80-150mm (3"-6")	100-200mm (4"-8")
Dimensions:	34 x 73mm	46 x 68.8mm
Lighting:	12.87 Lumens	44.02 Lumens
Resolution:	1080p	1080p
Construction:	Stainless steel housing with sapphire lens	
Self-levelling:	Yes	Yes
Environmental:	11 Bar	11 Bar
Focus point:	20cm	20cm
Field of view:	96 degrees	96 degrees

Type-CP Standard Reel

Dimensions:	710 x 500 x 910mm (L x W x H)
Construction:	Stainless-steel tubular frame with stainless hardware
Weight:	60m = 26kg 90m = 31kg 120m = 36kg
Environmental:	IP54

Control Module vCam-6

Dimensions:	360 x 150 x 320mm (L x W x H)
Weight:	5.49kg
Screen:	9.7" / 24cm sunlight viewable (1024 x 768)
Battery Life:	4h runtime (6h with sonde off)
